## RECALL ELECTION AUGUST 4th

### Editor's Note:

As a public service to the community we are presenting the ballot language that will appear on the August 4th ballot. We present the individual reasons for the recall and the individual responses. Because of the deadlines that we must follow, we will be unable to provide the results of the election until the August 12th issue.

Dawnette K. Bowers

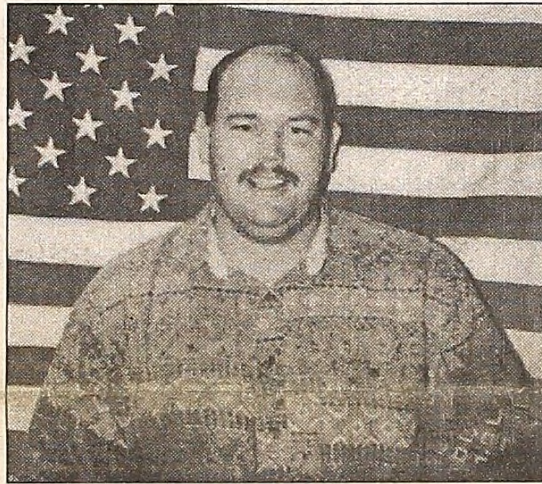

### REASON FOR RECALL

On July 23, 1997, Bowers voted to allow Jerry Chapp to have his testing and inspecting done on his truck stop project. Instead of using township Engineers, this saved Chapp money but it greatly increased the financial liability risk to township taxpayers.

### JUSTIFICATION OF CONDUCT

As always I have strived to do my best at representing Huron Charter Township and its residents since coming into office in 1996. The Township's Engineering Firm asked to be released from inspecting the Chapp development. All inspections at the development were certified by outside engineers, meeting or exceeding township requirements.

Scott Adkins

### REASON FOR RECALL

At the Township Board meeting on 10-10-97, Scott Adkins voted against allocating money for the Supervisor a Secretary or Assistant. Note, the Treasurer has two full-time and one part-time employees assisting him. A resident volunteered to help the Supervisor, at no cost to the Township. On 11-26-97 Scott Adkins voted to prohibit the resident from helping the Supervisor.

### JUSTIFICATION OF CONDUCT

I do not believe that increasing staff is always necessary, especially when ample staff are currently in place to complete jobs and tasks. When increases in staff are justified it should be done in a manner as not to violate the rights of unionized employees and serve the best interests of the residents. You have elected me to administer and protect your interest and I have acted accordingly, with no wrongdoing or acts of blind justice.

Nora A. Adkins

### REASON FOR RECALL

At the Township Board Meeting on 10-10-97, Trustee Adkins and her son Treasurer Scott Adkins voted against allocating any money for a Secretary for the Supervisor. Note, the Treasurer has two full-time and one part-time employee assisting him. Trustee Adkins deliberately violated the State Law pertaining to the Open Meetings Act on 4-25-97, when she and five Township Board Members went into an office and she closed the door, to keep the public out.

### JUSTIFICATION OF CONDUCT

According to the budget approved by the Huron Township Board, no money was allocated for the hiring of a secretary for the supervisor.

According to several legal opinions, no violation of the Open Meetings Act occurred on April 23, 1997.

**Our View and Editorial Opinion  
on Recall Election - Page 2**

# Reflections from the River

## Our View And Editorial Opinion

On August 4th, the residents of our township will be asked to vote on whether to recall three of our township board members, Clerk Dawnette Bowers, Treasurer Scott Adkins and Trustee Nora Adkins. It is our view that the recall is a bad idea and we ask the citizens not to compound this mistake by removing three good board members.

Between the grandstanding at board meetings, the ads on public access and "Letters to the Editor" in our newspaper, we have yet to hear one compelling argument why anybody should vote "yes" on the recall. We realize that the board members are not perfect people and we have disagreed with them on some issues. However, we have found them all to be honest and hardworking citizens that have the best interests of Huron Township in mind.

Consider our Township Clerk Dawnette Bowers. The Committee to Recall would have you believe that her vote

to allow another engineer firm to work on the "Chapp Development" great increased the financial risk to taxpayers. The truth is the township's engineering firm wanted to be released from the development and the board agreed to their request. We have been unable to determine any increased liability or undue costs to the taxpayers. In our opinion this does not justify a need to recall the clerk.

Dawnette was a breath of fresh air when we elected her almost two years ago. Since then she has thrown herself 100-percent into her job and is gaining the respect of her fellow clerks in neighboring communities. She always greets the citizens with a warm smile and her office is always open to assist citizens. We ask that you retain Clerk Dawnette Bowers and vote NO on the recall.

Consider our Treasurer Scott Adkins. The Committee to Recall would have you believe that he should be

recalled because he voted against spending money to give the Supervisor a secretary or assistant. To this, Treasurer Adkins responds that additional staff was not necessary and there was ample staff on hand to assist the Supervisor. "Right On" we say.

Scott was elected to the post of Treasurer almost two years ago and we believe he is a young man with a bright future in the township. He is articulate, intelligent and he has taken charge of his office. He is a welcome addition to the township board and we ask that you retain Treasurer Scott Adkins and vote NO on the recall.

Consider Trustee Nora Adkins. The Committee to

Recall would have you believe that she harmed the township by not voting to give the supervisor the secretary she wanted and that she violated the Open Meetings Act. We have already discussed the lack of merit for the additional staff and we also do not find any merit in the "closed door incident." We recall the board meetings during that times were difficult because of the supervisor's lack of respect for board direction. After all else had failed, the board was forced to enter the supervisor's office and a door may have been closed for a brief time. Regardless of whether the door was open or closed, it is clear that this separate act was not a violation of the Open

Meetings Act. It is also not a compelling reason to recall a good board member.

Nora lives and breaths this township. We have known her for many years and this township has always come first — ahead of all things except for her family. She is a joy to listen to and brings years of experience to her position of trustee. We ask that you retain Trustee Nora Adkins and vote "NO" on the recall.

Folks, we believe that this election is an unfortunate and unnecessary event. However, since we are faced with it, let's do the right thing and vote "NO" to recall. Please allow the board members to continue in their jobs and complete their terms of office.

### Letter to the Editor

To the Editor:

Huron Township is again being forced through a recall election because of a very small group of people who are intent on keeping the township from progressing. Over the years I have found that most people in the beautiful township of Huron are capable of sorting out the facts.

In January of this year the former supervisor was recalled for obvious reasons. She was totally unprepared and brought nothing but shame and unrest to the community. Our community is now on the move and no longer flopping about like a fish out of water.

The residents should be informed as to who is actually behind the recall. First we have Mary Lou Carey who was Mrs. Beasley's close confidant and advisor. She was as you may recall appointed Deputy Supervisor in a futile effort to rescue Mrs. Beasley. It is obvious that she failed terribly in giving advice. The other people involved are either relatives of Mrs.

Beasley or friends of either Beasley's or Bob and Mary Lou Carey. The committee to recall states "Let's finish the Job" the job was finished on Jan. 28, 1998 by the voters of Huron Township.

Don't let them embarrass our township again. Just see for yourself how well the township is progressing forward. We wanted a team that works together, we got it.

Mr. F. Bodrie

Dear Editor:

I am a member of the Huron Township Public Access Committee. Our Committee has been bringing the Township residents that have Cable TV many different programs. These programs have ranged from the Applefest to interviews of people in the Township. This past week the ethics and integrity of our committee was put to the test by arrogant, paranoid, and rude people. Mary Lou Carry "allowed" us to interview her. Never was someone being interviewed, allowed to hand pick the interviewer. Never have we had to take people in our crew, and move them from jobs they are good at just to placate the person that was being interviewed. We even

had to double tape the interview just as proof, that we did not edit it. Our ethics have always been above board, and will continue to be so. We are a group of volunteers that want only to bring both sides of the issues to the community, so our residents can make up their own minds. Also, Rebecca Alfano, who has only had bad things to say about us, sure couldn't wait to get her face in there. This was an insult to all of us that volunteer, and though my comments are mine and not the committee's, I felt compelled to let the residents of our community know what kind of people are dealing with. Please vote on the 4th of August, it's more important than you think!

Respectfully submitted  
Gerald F. Rohn

P.S. On a personal note, I am sorry Mary Lou, but there isn't a conspiracy behind every door, and it's funny how the Beasley family just had to be part of your entourage during this taping. And Rebecca the next time you write about the Public Access Committee, keep in mind how quickly we accommodated your desire to be on camera. Not bad for volunteers, huh?

# The Business Of Pro Sports

by **RON WHEELER**  
Freelance Writer

Professional sports is a contradiction in terms. Sport ceases to be when it becomes professional, then the cold, hard reality of the business world rules: Players are traded like commodities, product endorsements proliferate like mushrooms after a rain and agents compete ferociously for the best deal. Thus the whole idea of sport becomes secondary to profits when the idea of sport should be its humanity. How else could a four-dollar pair of shoes, produced by underpaid workers in third-world countries become \$125?

The highest honors of the state were bestowed on

Olympic heroes of ancient Greece. The laurel crown signified the best that an athlete could do for no other incentive than victory and winning a contest for its own sake. Today we have created a perverted version of sport where million-dollar athletes treat everyone with contempt and behave abominably. When a team loses there is no loyalty and little is left but to spend the money and buy a team that can win.

Most of us must work for a living out of economic neces-

sity, but athletes paid to play for a living is a total absurdity. The idea of sports is to escape to a make-believe land where the fleet-of-foot and the strongest can find an ending that eludes them in the hard-hearted world of business.

In true sports, the athletes compete against each other. In professional sports, they compete against the public, trying to attract as many paying customers as possible. And standing just behind are the agents, owners and promoters their

calculators in hand. Thus the ultimate loyalty is not to the city, the team or even the game, but to a contract.

What we have is not "sport." Instead it is merely a business transferred from the boardroom to the stadium. And when the public ceases to support the team with suffi-

cient dollars, they pack up their team and move to the next city that has a forum where the gladiators can play for profit.

Years ago sport began as a substitute for war, an outlet for aggression; it has become nothing more than in-your-face conflict between hired mercenaries with a job to do.

## TO THE VOTERS OF HURON TOWNSHIP:

I was pleased to be able to help in the Video Taping of the interview of Mary Lou Carey this past week. Most who know me, know that I always have something to say about most things happening in the township. This is no different. I hope that in the future I will be able to give editorials on more shows that are aired on our Public Access Channel.

Once getting past her paranoia and arrogance, I found the content of Mary Lou Carey's interview to be questionable at best. I was the chairperson leading the last recall against the former supervisor, and was at the Wayne County Board of elections when Mary Lou Carey and Rebecca Alfano turned in their first petitions. In her interview Mrs. Carey clearly states that she didn't have anything to do with the writing or wording of the petitions. Maybe she just forgot. In this interview for Cable TV, Mary Lou states that she wasn't a backer of the former supervisor, even though she gave a speech at the board meeting, backing the supervisor's position all the way. And why would the Township Engineers be in charge of inspecting (an inspection that would have cost US, the public, a bundle) a project when we have a building department that is being paid to do this work? Yes, Mary Lou, they have done work on projects like this before but not for our township. I was the person handling the camera when the door was closed at the meeting in question, on the recall petition. I can tell you all, that the former supervisor was the one shouting to close the door, or she wouldn't show the checks to the rest of the board. I wonder where these facts she speaks about are coming from? All in all, the interview was a good show and worth watching if nothing more than to see a former politician back to her old tricks.

## Kohlstrand Backed Up By 16,000 Cops

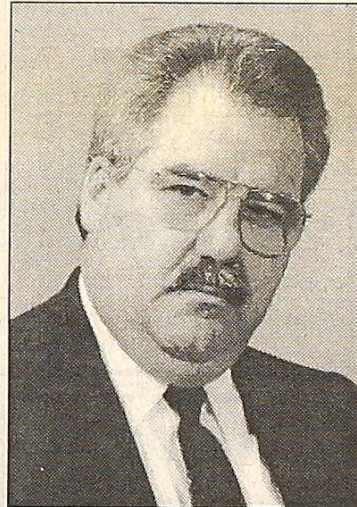

**HURON TOWNSHIP** – The latest endorsement to hang its hat in the Kohlstrand camp comes from the Michigan Police Legislative Coalition. This particular

group represents more than 14,000 police officers. Kohlstrand was initially endorsed by two police unions whose membership totals approximately 2,000. The group's combined membership is in excess of 16,000. What makes that number so significant is the fact that there

are approximately 18,000 police officers in the entire state of Michigan.

The Coalition includes as its members the Detroit Police Officers Association, Detroit Lieutenants and Sergeants Association, The Michigan State Police Troopers Association, Michigan State Police Command Officers Association, Police Officers Labor Council, The Michigan Association of Police, Warren Police Officers Association and the Flint Police Officers Association.

These police officer organizations believe in Kohlstrand's long-standing reputation for fairness as well as his integrity. He has always been known as a leader as well as someone who is willing to follow the law.
